

Accidents Mar County Holiday

Hey, Mister, Lay Off Those Tom-Toms -

Now down here at The Anvil Herald office we like music just as well as anybody. We can sit through a few measures of Strauss and Rachmaninoff and give a big rah for Debussy and once in a while we enjoy a little snarl of Krupa's drums.

But we don't have much of a hankering for tom-toms. We used to like them in our Lone Ranger days, but between 1941 and 1946 we got a little plastic surgery done on our minds and other places which change our opinions.

Seems like a lot of you draft-exempt Congressmen and too many of you big city newspapers are hitting those tom-toms a little heavy lately.

Of course you've never had that happy experience of boring a hole through the horizon in front of little slugs of lead that are going places — fast. You have never had the chance to run around, errol-flynn-like, and try to slap naked bayonets aside with your bare hands. You've never known that awful loneliness of being surrounded by blood-thirsty brother men who wear different color uniforms and talk a different language and who are all after the same scalp — yours — which happens to be fastened securely to the top of your head.

No, you don't know about that. If you did you wouldn't be beating those tom-toms so loud. It's us ordinary folks, the guys that pull the triggers, and it's our families, who know all about that.

And it's the ordinary folks in Russia, Germany, France, England, Poland, and in every other country, who know about that.

Stop beating those tom-toms, Mr. Congressman — you too, Mr. Bigtown Publisher, even if it does sell more papers. A tom-tom is a barrel with a dead skin at each end. And if you'll notice, the earth is something like a barrel and no matter what countries in the world you call top and bottom, there you'll find dead skins, dead American skins, dead human skins. The guys who were once in them were once Americans who were taught to love peace and freedom. Only they didn't bargain for as much peace and freedom as they got.

Those guys were our buddies, even if you didn't know them. So stop kicking up a fuss — let them rest.

And for heaven's sake stop beating those tom-toms. We don't recall the face, but the skin is familiar.

New President

J. H. Burgin of Hondo, new President of the Hondo National Bank, has been with the institution since it organized in 1936 and prior to that was a stockholder in the old First National. Burgin came to Hondo from Yancey in 1933.

Charles Walter, D'Hanis, Killed By Truck; Autos, Plane Contribute To Injury Toll

Flying Discs Hit Hondoan

Mr. Godfrey Schartz, old citizen of Hondo, is reported to be the first one from this city to see the much publicized "flying saucers."

Schartz has been on the lookout for the saucers since first reading about them in a San Antonio paper. "It was simply a matter of logic," he told your editor modestly. "If they are enemy atomic weapons, surely they will be aimed at the garden spot of our country, which is Medina County. Sooner or later, I knew they would appear here."

Schartz spotted the saucers last Tuesday evening around midnight when returning from a poker game. He reports that when he opened the front door of his house he saw his wife in the kitchen doorway and the next thing he knew the air was filled with the strange objects.

"They were small and breakable," he reported, "and very much resembled a saucer. In fact, one which came very close to my head and rotated slowly in flight seemed to have some object attached to the center which looked very much like a cup of coffee."

No explanation has come yet from Hondo scientific circles, although the local representative of Alcoholics Anonymous hinted that he might have an explanation in the near future.

One Other Seriously Injured Over Holiday Weekend

Charles Walter, 58 year old D'Hanis farmer, clung to a thin thread of life until Thursday morning of this week before finally expiring at 10:45 a.m. from injuries sustained in a Fourth of July accident when he was hit by a semi-trailer truck while attempting to cross the main intersection at D'Hanis.

The truck carried a load of youngsters, returning from a church picnic.

Walter was severely injured on the right side of his body and remained in an oxygen tent at the Medina hospital until his death.

Accident took place at 9:20 p.m. when Walter apparently was blinded by a car approaching from the East. Slightly hard of hearing, he failed to hear the horn of the approaching truck — if the truck blew its horn, which is not known — and apparently walked into the trailer part of the truck when the truck driver veered off the road to avoid him.

Three other automobile accidents and one private airplane crash marred the holidays in Medina County.

Mrs. L. E. Heath of Hondo was hurt slightly about the head about a mile southwest of Hondo on Taylor Lane when her car collided with a San Antonio car at an intersection. On the danger spot of Highway 90, the point where the bridge is still under construction near Dunlay, a family of New Yorkers failed to make the curve where the new road resumes east of the bridge and the driver was seriously injured in the resulting wreck. Four children were slightly injured and the mother was unhurt.

Freak accident of the holidays occurred on July 3 when a family of Latin Americans, returning to Hondo from work, passed a large truck heavily loaded with lumber. Just as their car passed the truck its sideboards broke and dropped the lumber on them. No one was hurt except for minor cuts and bruises.

Plane crash took place on the Weynand place near D'Hanis where a Mexican pilot was only slightly hurt after a long cornfield skid and an overturn.

Lots Of Sun - No Rain

Sunshine, and plenty of it, saturated Medina County during the week of June 30-July 7, as the daily temperature maximums stayed within four degrees of 100 throughout the eight day stretch according to the weekly report of H. E. Haass, U. S. Cooperative Observer in Hondo.

Haass's recordings are made daily at 7:30 a.m. for each previous 24 hours.

Highest temperature recorded was an even 100 on July 4, while the daily maximum was 99 on July 3, 5, and 6 to make it a hot weekend. For the evenings, the mercury dropped to 69 Sunday night, July 6, while all other evenings, of the week were in the low seventies.

There was not a single drop of rain in the week.

H. D. Council Meets July 12

The Medina County Home Demonstration Council will meet in regular session Saturday, July 12 at 2 p.m. in the Court room at Hondo.

Election of the delegates to the Texas State Home Demonstration Association meeting in Galveston will be held.

Leinweber Home Demonstration club has charge of the program, and Rio Medina Home Demonstration club has charge of the demonstration.

QUICK RESPONSE FOR VFW COUNTY WHEEL CHAIR

Less than two hours after the first wheel chair arrived in Hondo last week, first component of the Veterans of Foreign Wars Crutch and Wheel Chair Lending program, it was out on call to a Natalia man, according to Commander Clarence Haass of Hondo Post No. 3891.

Another chair is expected this week to augment the program.

RED CROSS LENDS FURNITURE TO NEW LEGION HOME

The Hondo chapter of the American Red Cross has made a loan of several good pieces of furniture to the Hal Jones American Legion post.

Suites, divans and chairs will be used in the new legion and VFW clubhouse at the airfield.

Milo Market Rallying, Says Hondo Grainman

With what will amount to more than 250 carloads of Medina County milo maize nearly ready for harvest, Hondo grainman Russell Chapman this week reassured farmers concerning the market conditions.

Milo opened in Corpus Christi two weeks ago at \$2.90 per hundred, f. o. b. the farm. The high price, stimulated by a government loan value of \$2 in North and West parts of the state, caused farmers to flood in their milo in such quantities that the market broke to \$2 or a little less last week.

However as the incoming milo events off the market is slowly rising again and Tuesday of this week had climbed back to \$2.30. It will probably continue to gain.

First samples of Medina County milo tested this week showed moisture too high, but harvest should be underway next week.

Plane Crashes In Weynand Corn Field

D'HANIS — A private plane enroute to Mexico from Stinson Field, San Antonio crashed in the Melvin Weynand cornfield seven and a half miles west of D'Hanis at 11 a.m. of the Fourth of July.

Piloted by Amarante Torres of Mexico, the plane hit the field at about 80 miles per hour and skidded 120 yards across the cornfield before turning over. Pilot Torres received minor cuts and bruises and Dr. Woods of Sabinal administered first aid in the field after which another party took him to a Del Rio hospital for X-rays.

The plane itself was only slightly damaged and had only 136 hours in the air.

Mr. and Mrs. Weynand and their son had gone to the Fourth of July celebration in Sabinal when the crash occurred.

Legion Committees Appointed For New Building; Names of Donators Released As Fund Drive Continues

Six Hondo legionnaires were named last week by Commander J. H. Meyer as directors of the post incorporation. They are Dr. O. B. Taylor, Dr. W. H. Smith, J. G. Barry, Clarence Van Fleet, Oscar J. Bader and James Amberston.

Meyer also named committee members to serve on two important bodies of the Legion relative to conditioning of the new building. Building committee is headed by Chairman Harry Filleman and includes Marvin Grell, Ben Graff, Jr., Roy Kile, Harry Kollman, Jr., and Jerome Decker. Entertainment committee is headed by Fred Bader and includes Jack Fitzpatrick, Robert Cosgrove, Harry Freeman, Jack Hartung, Ralph Stiegler and G. H. Finger.

Legionnaires are still working on the financing of the building, accepting donations and pledges

from Medina County people. Most of the amount has been raised or pledged to now, Commander Meyer estimating that about \$1,000 is still to be raised for the \$5,500 purchase.

Following is a list of Hondo businessmen and others who donated money, ranging from gifts of \$5 to \$300, to the veteran's organizations in their purchase of the building. Amounts are not listed since \$10 from one person may be a greater gift than \$100 from another. This list merely recognizes the spirit of generosity, not the amount:

R. M. Chapman, Buster Rath, George Brucks, W. S. Scott, E. M. Nester, Fly Drug Co., E. E. Kollman, A. G. Bless, Garrison Confectionery, George M. Dawson, Plaza Bar-Cafe, Preston C. Gaines, Bob Kollman, Ritz Coffee Shop; Pennington Electric and Gas

Appliances, Hondo Lumber Co., John Karpas, Hollaway Hardware Store, Hondo Bottling Co., W. T. Hardy, Alamo Lumber Co., Hollmig DressShop, O. H. Miller, Laake Barber Shop, E. R. Leinweber Co., Hondo Locker Plant, Oasis Cafe, H. W. Kollman, M. F. Schweers, The Hondo National Bank, Max Edwin, Mask and Co., De Montel Appliance Co., Mechler Welding Shop, B. L. Robinson, Wesley Hueser; Sham Holloway, Windrow Drug Store, R. H. Lynch, G. and M. Food Store, Alfred Breiten, Joe Falle, J. S. McManus, Edgar Steigler, M. A. Zinsmeyer, A. J. Finger, F. E. Koch, D'Hanis State Bank, J. S. Koch, Ted Bredthauer, Bert Simpson, Lee Conway, R. A. Carter, Bandera Co. Ranchmen and Farmers Asso., J. F. Kimmerley, L. A. Smith, Lillian Danie Liquor Store, Fritz Leinweber, Carlo Mercantile Co.

Industries Will Come To Hondo Soon - Gilliam

Back in 1880 Claude Gilliam, a young kid, first came into Hondo on a horse, riding bareback behind his father.

Since then Hondo has grown from a "little village" to a "nice town" well substantiating Gilliam's description of Hondo's growth: "I didn't come to Hondo, Hondo came to me."

Now after 40 years in the banking business, Claude Gilliam is ready to retire to his Utopia property and take it easy, and at last is planning to get good use out of his place on the lake North of Mico. "Used to catch fish by the wagonful up there," he remarked, "but they aren't biting like they used to."

Not that Gilliam has had very much experience at the lake in recent years, as a director of the two Hondo banks for 20 years and as president of the Hondo National bank for the past 11 years he has not had a vacation for a long time. "I've been gone eight days, just got back today, (Tuesday-day)," Gilliam said, "and that's the longest I've been gone for as long as I can remember except when I was in the hospital in 1928."

But it's all different now. Last week Gilliam announced, through the Anvil Herald, that he had sold his entire interest in the Hondo National Bank to W. F. Wallace of Corpus Christi and that J. H. Burgin would succeed him as the President.

As an authority on Hondo's business and welfare after 40 years of handling its money, Gilliam predicts a bigger Hondo in the future although he doesn't expect the present boom to continue much longer. "Hondo will grow," he said. "All this western country is growing. People are coming this way from the north and I see no reason why there shouldn't be some industries in Hondo, and very soon."

Large Crowd At New Fountain Zone Meeting

Over 100 Methodist women from surrounding communities congregated at the New Fountain Methodist church July 10 for the zone meeting of the Women's Society of Christian Service.

Present are representatives from Hondo, New Fountain, Sabinal, Uvalde, Yancey, Crystal City, Carrizo Springs, Utopia and Knippa. Mrs. Barnitz Carle presides at the meeting.

Morning sessions started at 10 a.m. with groups from different communities conducting different phases of the program. New Fountain conducted the Devotional, Sabinal the morning prayer, and Uvalde had "Present Goals For 1947."

Following the lunch the program opened again at 1:30 with New Fountain sponsoring "Quiet Music." Two "Model Meetings" were then staged, with Yancey showing "How Not To Do It" and Crystal City showing "How To Do It."

Rev. H. Ellis Thomas, Pastor of the Hondo Methodist church, gave benediction.

FINE FOURTH OF JULY FOR DEPUTY HITZFELDER

Deputy and Mrs. C. J. Hitzfelder enjoyed a fine vacation trip on the Fourth of July.

They spent the day driving to the scenic city of Huntsville, where the chief occupation is making little rocks out of big ones.

There they delivered a life term, Eulalio Rodriguez, to the prison — on Independence Day.

"You Order Your Crime Volume" FBI Chief Tells Hondo Lions Wednesday

With a direct challenge to community homes, schools and churches, Maurice Acers, Special Agent in charge of the San Antonio Division, Federal Bureau of Investigation, informed the Hondo Lions club that the amount of crime in Hondo today and that will be in Hondo in the future is exactly what the citizens order. Acers spoke before the group at their noon meeting Wednesday.

The state of Texas ranks fifth in the nation in volume of crime, Acers pointed out, and the rural communities and rural cities showed the greatest increase for 1946.

Devine, Natalia

Paving Finished; Let 'Em Bleed

With approximately 4 miles of street topping completed in Devine and close to 2 miles in Natalia, the projects in those towns were completed last week, according to County Judge Arthur Rothe. Started this week was topping on the Bandera Road for a distance of 7 miles North of New Fountain.

Elsewhere in the county, the three and a half mile stretch from Devine to Big Foot has been completed as well as the stretches from Hondo to Tarpley, from Hondo to Quihi to the Three Points, from Quihi to Dunlay to Biry, and on the Hondo-Quihi-Mico road the base is down all the way to the toll road beyond Mico.

As the county program progresses, Judge Rothe stated, there are many who do not understand how the "single shot" applications on the low-traffic roads work. Highway 90 and the major traffic roads get the "double shot" asphalt application which makes them smooth and even in a hurry. Roads that are used less get only one topping application, but in time get to be just as good as the others.

In topping of low traffic roads, the forces of traffic and heat are made use of to help build a better road, and actually many of these roads do not become top quality for two or three summers. As time and traffic roll on, the oil in the asphalt "bleeds" out of the depression spots. Sand is then applied to such spots and where there is more oil the sand soaks in more. In the heat of the summer sun the road becomes almost plastic like and is molded by the traffic. Eventually the road is bled out, resanded sufficiently, and reaches its optimum quality long after its contracted completion.

No Paper?

Let Us Hear From You

Pronto!

It must be true, what they say about good news traveling fast, because we hear that last week the papers bound for Mico didn't stop there and must be still traveling since they haven't yet arrived.

We don't know why they didn't get there but we didn't hear about it till five days later. We'll try to round up enough of last week's papers to send out this week with the new one to Mico.

If your Anvil Herald doesn't come as usual, let us know about it right away and we'll try to get one to you.

Legion Slates Dance July 26 In New Home

One of the biggest and most entertaining dances of the summer season is promised in Hondo on Saturday, July 26, when the American Legion and Veterans of Foreign Wars will sponsor the big pre-dedication affair in their new building.

The building, formerly the NCO club of the Hondo Army Air Field, was purchased by the two veteran groups last month from the City of Hondo who bought it from War Assets Administration. With 18,500 square feet of floor space, the huge building has already been converted into a beautiful home for the veterans although plans and work are still progressing.

One mammoth wing of the building will be used as a ball room and the other wing will be open as a refreshment and chatting room with tables.

L. D. Harris and his orchestra of San Antonio, which recently made a tremendous hit for the Highway 90 baseball league dance and at the El Morocco, will play for the dancers in Hondo.

D'HANIS NEWS SWING OF TEXAS MARKETS

By Mrs. Amos Finger

Mr. and Mrs. W. J. Fohn and sons of Uvalde are vacationing here as guests of relatives. Accompanied by the Robert Zuberbuehlers of Hondo they are also spending several days in Corpus Christi.

Mrs. Lawrence Weynand underwent an emergency appendectomy at Medina Hospital Sunday.

Mrs. Nick Fohn was honored with a surprise birthday party on July 3. There were three tables of rook players. Mrs. Lina Langfeld received the prize for high score and Mrs. Louis Garteiser for low. Consolation prize went to Mrs. Herman Fohn and the traveling prize to Mrs. O. W. Tondre.

Miss Rose Marie Graef returned to her home at Umland Sunday after visiting in the Wm. Turner home for several days.

Mr. and Mrs. Don Scott of Corpus Christi were guests last week of her parents, Mr. and Mrs. Ben Zerr. They spent part of their vacation at Garner Park.

Mrs. Louis Garteiser was honored on her seventy-sixth birthday anniversary with a party in her home. There were four tables of rook. Prizes went to Mrs. Ed S. Koch for high, Mrs. Eric Rothe for second high and Mrs. Jack Fohn for low. Consolation prizes were awarded Mrs. I. N. Fohn, Mrs. W. J. Fohn, and Mrs. A. J. Finger, Mrs. Ed S. Koch won the traveling prize.

Mr. and Mrs. Henry Lutz and daughter of San Antonio were guests of relatives Sunday.

Miss Tina Rothe is a patient in Medina Hospital where she is receiving medical attention for a broken arm.

Mrs. Ben Koch is spending the week in San Antonio with Mr. and Mrs. M. J. Flusche.

LEGAL NOTICE CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 14.158 miles of Gr., Strs., Flex. Base & Single Asph. Surf. Treat. from S. H. 16 to Park Site on Medina Lake on Highway No. Pk. Rd. 37 covered by C 1066-2 & 1-1 & 1, in Medina and Bandera County, will be received at the Highway Department, Austin, until 9:00 A.M., July 22, 1947, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Work-

Cotton and some grains dropped sharply last week, and easy spots appeared in livestock and vegetables, according to the Production and Marketing Administration, U. S. Department of Agriculture. Other southwest products sold steady to strong.

Volume movement of the new crop punctured recently ballooning sorghum markets, and prices collapsed to levels 70 to 80 cents per hundred pounds lower last week. Quotation at Fort Worth and Galveston Thursday stood at \$2.61 for No. 2 milo. White corn gained 22 cents, to reach \$2.83 per bushel, and yellow corn dropped six cents, to sell at \$2.29. Other grains changed very little from a week earlier.

Rice trade reported offers for sale after June 30 at prices far above former ceilings. Rains declared prairie hay harvest in the southwest and damaged alfalfa in the Central West. Peanut markets saw light trading, but new prospects continue good. Oilseed meals climbed higher, but mill-feeds dropped, and other feeds remained fairly steady. Good staple 12-month Texas wools sold at 47 to 55 cents per pound.

Spot cotton markets quoted \$2.50 to \$2.75 per bale lower prices last week. A little more activity left trading still on a small scale. High and medium grade cotton continued in demand. Most cotton areas enjoyed favorable growing conditions.

Eggs held firm last week, and even advanced slightly in some areas. Better qualities found especially good demand. Current receipts brought mostly 37 1-2 to 38 1-2 cents per dozen at Fort Worth, 39 to 42 at Denver, and 38 1-2 with rots candled out at Dallas. High quality graded eggs sold quite a bit higher. Poultry held steady.

Shipping point prices of Texas tomatoes about held their own last week. U. S. No. 1 six by six and larger sizes loaded at \$2.00 to \$2.15 in East Texas and \$2.35 to \$2.50 in North Texas. Watermelons and peppers weakened at New Orleans, Denver, and Kansas City, as shipments increased. Oklahoma corn went lower at Kansas City.

Most cattle sold about steady last

Here in HONDO

Mrs. L. J. Saathoff and son and daughter, Charlie and Mary, and her mother, Paulita L. Garza, and Mrs. Marshall Saathoff and her son and daughter, Henry and Rosa were shopping in San Antonio Wednesday.

Mrs. L. J. Saathoff, her children and her mother and Mr. and Mrs. Richard Guzman from San Antonio spent the Fourth in Old Mexico.

"man," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Poultrymen, most of whom are aware of the potential dangers in such adverse factors as poor sanitation, faulty ventilation, unbalanced feeding and others, often lose sight of the importance of supplying their chickens with good equipment and plenty of it.

Good equipment — metal preferred — promotes better sanitation and makes your management problem simpler. An adequate amount of equipment prevents overcrowding and helps every bird get the proper amount of feed.

Water Important

One of the chief items of equipment is the waterer for water plays an important part in egg production, constituting approximately 65 per cent of each egg. The amount of water required for 100 birds is five gallons for each 24 hour period. When there is inadequate watering space some of the chickens will get insufficient water to drink, resulting in lower egg production.

Some poultrymen prefer the open type waterer with a grill on

top. However, for most poultrymen the common barrel-type waterer is more effective because, when placed on a stand raising it out of the litter, the water remains cleaner.

Ordinarily, 100 birds will require at least 36 feet of feeding space. Feeders should be placed about 18 inches off the floor with both sides equally exposed to the light so the top of the feeder will prevent the birds from scratching in the feed or contaminating it with droppings.

Give Them Grit

Chickens should have access to grit so it is advisable to provide an 8 to 10 inch grit hopper for each 100 birds.

Metal nests are recommended to minimize lice and mites with at least enough nests available so that there is one for every five hens. Nests should be approximately 12 to 14 inches square with the front opening at least 8 inches in diameter.

Messers Clark Bohl and Clarence Tschirhart were Hondo business visitors Monday.

Mr. and Mr. Andrew Kempf and sons and Capt. and Mrs. John Wade of Medina Lake visited in Piedras Negras, Mexico Tuesday.

Mr. and Mrs. J. L. Brown of Brownwood visited with Major and Mrs. R. L. Clifton for several days.

Nancy and Madeline Clifton accompanied the Browns home for a months visit in Brownwood. Mr. and Mrs. R. J. Schott accompanied by Mr. and Mrs. Earl Rine of San Antonio spent a very enjoyable week end in Donna as guests of Mr. and Mrs. Milton Snell while in the Valley they also visited Reynosa, Mexico and spent a day at the coast in Boca Chica.

Mr. and Mrs. Hugo Poerner and son of Devine visited with Mr. and Mrs. Emil Poerner and daughters Friday.

Mr. and Mrs. Geo. J. Muennink of Hondo were Sunday dinner guests of Mr. and Mrs. Ernest Adam and daughters.

Misses Mary Ann Meckel and La Verne Pope of San Antonio visited with Mr. and Mrs. Emil Biry for several days.

Mr. and Mrs. Chas. Suehs, Sr., visited with Mr. and Mrs. Alfred Naegelin and family at Lytle Sunday.

Mr. and Mrs. J. F. Schott spent several days at Kerrville attending the horse races.

Several friends of Miss Ella Hughes surprised her on her birthday Thursday afternoon, July 3, 1947 at the home of Mrs. Mary Mueller. The afternoon was spent in conversation after which a delicious lunch was served. Everyone departed wishing Miss Hughes many more happy birthdays.

Many folks from here attended

the funeral of Mrs. Gabrielle Tschirhart in San Antonio Saturday morning. Mrs. Tschirhart was one of the earlier residents of Medina County and had a large number of relatives here.

Mrs. Alvina Jungman and son, Fred and daughter, Joe visited in the Chas. Suehs, Sr., home on the Fourth of July.

Mr. and Mrs. L. H. Mars and son and the Galloway boys visited with Mr. and Mrs. Robert Tschirhart and family on the Fourth of July.

SOME PARTS OF CITY MAY NEED MORE FOGGING

Fogging of the streets with DDT last week was 100% effective in wiping out mosquitoes and flies in some parts of town according to W. T. Mills, county health officer, but not quite so effective in others. The spray was a relatively weak solution of DDT so that flowers and plants being

Here in HONDO

Mr. and Mrs. Alex L. Haby were out at Dunlay visiting Mrs. Mina Meyer Tuesday.

sprayed would not be harmed.

In case flies or mosquitoes are still in evidence in your part of town, Mr. Mills asks that you notify him by calling his office and the area will be sprayed again.

Filleman Offers Safety Hints To Vacationers

Vacationists were urged Tuesday by Harry Filleman, resident of the Hondo V. F. D., to take proper precautions to prevent fires in their homes before they leave.

Filleman made these suggestions:

Leave a key to your home with one of your neighbors and ask her to inspect your house every day or so.

Send the Fire and Police Departments a post card telling when you will be away and who has the key.

Check with the gas and electric companies to find out if certain appliances should be turned off.

Disconnect heavy duty electrical appliances.

Be sure there are no hot ashes in stoves or cigarette butts left in the house.

Do not leave oily or paint-saturated rags about which might cause spontaneous ignition.

He also urged vacationists to take an Underwriters Laboratories approved fire extinguisher with them in their automobiles for emergency use. "Summer cottages often have kerosene stoves or oil lanterns.

Careless or improper use of these can easily cause a fire. Then a fire extinguisher will come in very handy."

Filleman urged vacationists to be extremely careful with matches and cigarettes to avoid starting forest or brush fires. "Take time to be careful," he warned. "Have a safe vacation."

IT'S A GIRL FOR BUCHANAN

It's a girl for Mr. and Mrs. E. T. Buchanan, born at the Medina hospital last Saturday, July 5, at 10 p.m.

The child has been named Darlene Beatrice and weighed seven pounds 12 ounces at birth.

SOCIETY

MRS. JERRY JUNE BERGER, SOCIETY EDITOR

Miss Doris Mae Zerr Is Bride Of A. T. Wilson

Methodist Church Is Scene of Wedding

The marriage of Miss Doris Mae Zerr, daughter of Mr. and Mrs. Frank J. Zerr, to A. T. Wilson, son of Mrs. Erma Wilson of Houston, was solemnized Saturday, July 5 at 7:30 in the evening. Rev. H. Ellis Thomas officiated in the ceremony read in First Methodist Church.

Fern formed a background for the daisies used as floral decorations in the church, and lighted candles were also used. Charles Meyer, cousin of the bride, lit the tapers. Mrs. H. B. Eggen, at the organ, accompanied Mrs. H. Ellis Thomas in a solo of "Because."

The bride wore a blue gabardine suit fashioned with a bustle effect jacket. Her accessories were brown and her corsage was a white orchid. Maid of honor, Miss JoNell Weber,

chose a grey suit with white accessories and a pink gladioli corsage.

Richard Lee Wilson served as his brothers best man.

A reception was held on the lawn of the brides home immediately following the ceremony, and queens

Formerly Miss Doris Zerr

crown was used in decorating. Wedding cake and punch were served to the wedding party and to the immediate families of the couple.

After a wedding trip they will be at home in Houston at 9421 Avenue L. The groom, who is a graduate of Huntsville High School, is a drug supervisor in a supermarket in Houston. His bride is a graduate of Hondo High and attended Southwestern University before becoming secretary in the Schmacher Wholesales office in Houston.

Out of town guests present for the wedding and reception were Mrs. Erma Wilson of Houston; Mrs. Weldon E. Bailey, sister of the bride, of Livingston; Mrs. Eula Wilson of Houston; Mr. and Mrs. Richard Lee Wilson and Sharon of Houston; Charles Robertson of Houston; and Joe Waneck of San Antonio.

H. Stiegler, Bruce Saathoff and Jackie Schneider.

Everyone departed at a late hour wishing Mrs. Stiegler many more such happy birthdays.

Bridge Club Meets With Mrs. Kollman

Mrs. R. L. Kollman entertained Tuesday at her home with four tables of bridge. Pink crepe myrtle and talisman roses formed the floral decorations in the living room and dining room.

Playing were Mrs. Frank Williams, Mrs. Fabian Garrison, Mrs. Volney Boon, Mrs. Leo Laake, Mrs. R. W. Landers, Mrs. Walter Bendele, Mrs. Ernest Britsch, Mrs. Earl Lacy, Mrs. Rudy Rath, Mrs. N. C. Johnson, Mrs. Bob DePuy, Mrs. E. L. Kelley, Mrs. Ford Sasser, Mrs. Frank Vance, Mrs. J. G. Barry and Mrs. William E. Berger. Mrs. DePuy won high score, Mrs. Landers second high, and Mrs. Johnson won the cut prize.

An orange sherbert drink and coconut macaroons were served as refreshments during the afternoon. Mrs. Laake is to be the next club hostess.

D-Hanis Ladies Learn Etching

D'HANIS — At the regular meeting of the D'Hanis Home Demonstration Club in the High School Auditorium Wednesday afternoon Mrs. H. A. Biry was elected candidate for county delegate to the T. L. D. A. convention in Galveston next September.

Mrs. Henry Nehr presided at the meeting. Mrs. Christine Mayberry, County Home Demonstration Agent gave a lesson in design followed by a demonstration in glass etching. The members made several successful experiments in this craft.

The hostesses, Mrs. R. J. Ney and Mrs. Amos Finger, served sandwiches, cookies, and iced tea.

St. Pauls Society Meets Wednesday

Women of St. Paul's Missionary met Wednesday afternoon July 2 at 3 p.m. in the church, for their monthly meeting. Hymns were sung, followed by a scripture reading and the discussion of the July topic "Observing the Golden Rule" by Rev. M. J. Lorfing.

The Ladies packed several boxes of clothing for the needy people in Europe.

The hostesses, Mrs. Robert Graff, Mrs. Jim Lynch and Mrs. Ben Graff served refreshments of cake and ice cream to the following members, Rev. and Mrs. M. J. Lorfing, Mrs. Edgar Stiegler, Mrs. Annie Stiegler, Mrs. Ernest Wolff, Mrs. W. I. McCray, Mrs. Louis Nietenhoefer, Mrs. Louis Grell, Mrs. Emil Britsch, Mrs. Alfred Breiten, Mrs. Vernor Weimers, Mrs. H. E. Haass, Mrs. Ben Oefinger, Mrs. Robert Nietenhoefer, and Mrs. Arnold Nietenhoefer.

Next meeting also will be in the church.

Reunion Held At Saathoff Home

NEW FOUNTAIN — The country home of Mr. and Mrs. Alfred Saathoff was the scene of a reunion last Friday, July 4. Barbecue lamb with all the trimmings was served at dinner and supper to the following children and grandchildren of the late Mr. and Mrs. Ehme Saathoff, Sr.:

Mr. and Mrs. Rolf Saathoff, Mr. and Mrs. Alfred Saathoff, Mr. and Mrs. R. T. Cole, Mr. and Mrs. Ehme Saathoff, Jr., Mr. and Mrs. Mathis Saathoff, Mr. and Mrs. Albert Scharf and Mr. and Mrs. Kurt Scharf. Grandchildren, Misses Willie Jean, Emile Marie, Patricia Ann, Emma-lene, Lynette Louise and Joan Iris Saathoff, Betty Jo, and Dorothy Mae Cole, Hilda, Alma, Anna, Edna, Norma and Erna Scharf, and Master Bruce Rolf Saathoff, Robert (Bobby) Cole, Alvin, Walter, Edwin, and Arnold Scharf. Also present were Mr. and Mrs. Hubert Burger and grandson, Jessie Ray.

W. S. C. S. Groups Have Meetings

Circles of the First Methodist Church W. S. C. S. held meetings Wednesday with the subject of "Ye Have Done It Unto Me" under discussion.

Mrs. August Mumma and Mrs. Clarence Mumma were hostess to members of Esther Circle, and Mrs. Alfred Brucks, Mrs. H. B. Eggen, and Mrs. J. G. Newton took part on the program. Fifteen members, one new member, Mrs. Ernest Duderstadt, and 5 visitors were present for the meeting. Mrs. O. E. Lacy will be the next hostess on Aug. 6.

Naomi Circle met at the home of Miss Mae Reutt, and Mrs. Barnitz Carle was in charge of the program. A salad plate and iced tea were served to eight members and one visitor.

Wesleyan Guild

Eleven members of the Wesleyan Guild met Tuesday night, July 8 at the church with Miss Lucille Newton giving the devotional and Mrs. Amos Harlee in charge of the program. The group is planning a wiener roast for their August meeting.

She'll Soon Be a School Girl

and she wants her hair to be as pretty as the other girls. Plan now for a good permanent for the "small fry" in your family — one that will be soft and pretty as well as easy for her to keep herself.

Remember there is no discomfort in getting a cold wave and it will last and last.

Miss Sibley, Hugh Meyer Marry In Kentucky

Rites Read On June 28th

Mrs. Hugh Meyer

Miss Mary Florence Sibley, daughter of Mrs. Harry E. Sibley of Louisville, Kentucky, became the bride of Hugh Meyer on Saturday, June 28, at 4:00 p.m. Rev. E. E. Willett officiated in the ceremony read in St. James Rectory in Louisville.

Miss Sibley chose to wear a grey linen costume suit, and her corsage was an orchid. Mrs. Henry B. Rulley served as the bride's matron of honor.

Audubon Park at the home of Mr. and Mrs. S. E. Rulley, uncle and aunt

of the bride, was the scene of the reception following the wedding. The bride attended University of Louisville and graduated with a B. A. degree in Home Economics from the University of Kentucky.

The groom, son of Dr. and Mrs. H. J. Meyer, is a graduate of Hondo High and University of Texas. He has a B. A. degree with a major in foreign language, and plans to continue his studies by entering the school of law at the University of Texas in July. They will be at home in Austin.

A Cub in Size...
but a BEAR for Work!

INTERNATIONAL HARVESTER PRESENTS

THE

Farmall Cub!

- For all operations on farms of 40 crop acres or less — and truck gardens.
- For special operations on truck farms.
- For large farms that need an extra tractor.

That's the Farmall Cub, the first tractor in history that's built right and priced right for a great new group of tractor owners.

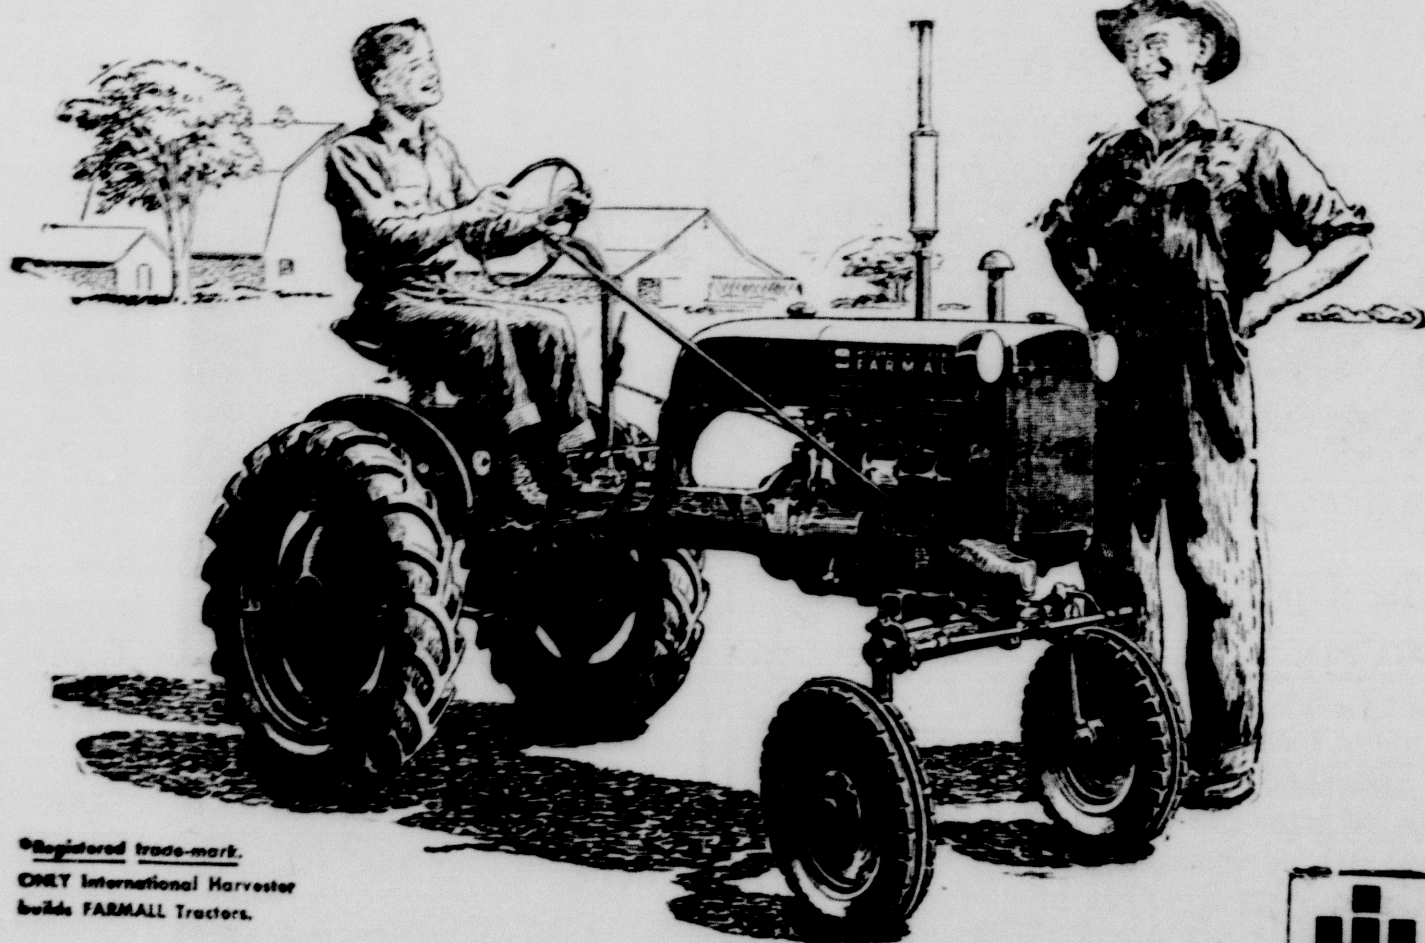

The Cub is the newest member of the famous FARMALL FAMILY. It brings the advantages of the FARMALL SYSTEM OF FARMING to the small, family farm.

It's a Cub in size, but "a BEAR for work." You get big-

Farmall quality and design, plus scaled-down, small-tractor economy. And there is a full line of matched, quick-change, easy-to-control implements.

The smooth-running 4-cylinder engine develops approximately 9 1/4 h.p. on the belt. It uses considerably less than a gallon of gasoline an hour. There's a comfortable, roomy seat... ample crop clearance under the chassis... and "Culti-Vision" to give a clear, unobstructed view of your work.

Fit the Cub into your farming operations. We'll have one on hand soon, so you can climb in the seat and drive it. You'll find it handles as easily as your car.

Registered trade-mark.
ONLY International Harvester

West All Stars Lick East End

The West All-Stars got a lot of hits on the big Fourth of July East-West classic as they matched hits and runs to tumble the stars of the east 10-1.

Big Stan Hollmig, hitting 2 for 4, clouted two homers, the only four-baggers of the day, to supply the heavy power while Bonnard Rothe hit 3 for 5, all singles to help spark the attack.

Paulie Mueller and Ep Finger shared mound duty for the West and limited the easterners to five hits, two of them doubles by H. Hartman and H. Tschirhart. C. and A. Boehme hurried two innings each for the East and Geiger went five. The three allowing 10 hits in all.

Total of 38 players saw action in the tilt.

LIONS BATTER RIO MEDINA; QUIHI LICKS LACOSTE TO HOLD FIFTH PLACE AS CASTROVILLE DROPS UTOPIA IN COUNTY GAMES

HONDO 26, RIO MEDINA 5

Hondo's Lions, now the league leaders, continued on their high scoring spree last Sunday as they trampled Rio Medina 26-5 on the Rio diamond.

Blanton Taylor held the Riomen to 9 hits and proved he was definitely out of the swatters doldrums by contributing two big homers and a single to the attack out of four chances. T. and F. Finger, Sadler and Hollmig added doubles for the Lions while Zerr banged out a triple. L. Lutz and C. Boehme got triples for Rio Medina.

C. Boehme, A. Boehme, L. Lutz and Hy Tschirhart all took a turn at saddling the Lions but the Hondoans rapped out 21 safeties and used 6 Rio errors to build their score.

Score by innings:
Hondo 306 377 000—26
Rio Medina 001 040 00—5

Two base hits: T. Finger, Sadler, Hollmig, H. Finger.

Three base hits: Zerr, L. Lutz, C. Boehme.

Home Runs: Hollmig 2.

Doubles: H. Hartman, H. Tschirhart, Franger.

Left on Bases: East 6, West 6.

Strikeouts: by Geiger 5, by A. Boehme 2, by Mueller 5, by E. Finger 2.

Base on Balls: off C. Boehme 1, off A. Boehme 1, off Mueller 1.

Hit by Pitcher: by C. Boehme (J. Finger).

Double Plays: J. Lutz to H. Hartman to Hoog.

Umpires: Tschirhart, Barry, and C. Finger.

CASTROVILLE 13, UTOPIA 2

M. Jagge scattered out 8 Utopia hits well enough for only two of them to hit pay dirt as his fellow Castrovillians stretched 9 hits for 13 runs in their triumph over Utopia Sunday.

Utopia's Rieber hit a futile double for the only extra base hit on that side while S. Mauldin, Hoog, Stan. Jagge and F. Ducos hit homers for Castro. Redding allowed Castroville 9 nts.

Losing pitcher, C. Boehme.

Umpires, George Boehme and C. Finger.

Scorer: H. E. Flory.

QUIHI 8, LACOSTE 4

Quihi, determined that its cellar days are over, strengthened its hold on fifth place in the league Sunday by downing LaCoste 8-4.

F. Hartman and T. Reitzer hurried for the Quihimen, limiting them to only 4 hits as L. Trip watched his mates hand the game to Quihi with 4 errors in spite of a nice 5 hitter.

Schott and Balzen, both of Quihi, hit a double and triple respectively to put power in the attack while H. Bonlen knocked out 3 for 4 to sustain it.

Umpires, Balzen and Mechler.

Score: H. E. Flory.

Rice Scouts

Seek Taylor

Two assistant coaches of Rice University, Houston, were in Hondo this week to talk over the college scene with Blanton Taylor, co-captain of last year's bi-district champion Owls and Best Player in the District.

The pair, Davis and Baumgartner, chose the wrong day as Taylor was out of town on a truck route with Stan Hollmig. The two Neely aides left in pursuit, however, with hopes of finding Taylor on the road.

Winkler High

In Skeet Shoot

Jack Winkler, former army instructor who settled on a ranch near Hondo after his discharge, was a double winner in the Alamo Open Skeet tournament held in San Antonio July 3-6.

Winkler was half of the winning two-man team, shooting as a partner to Charles Poulton, national champ of 1941, the pair missing only six targets out of 500.

Total of 1,227 targets were broken out of 1,250 in the five-man team shooting. Winkler again being on the winning team.

Approximately 110 shooters participated in the program.

Bears On Beam

Again - Win 3

Over Weekend

The Hondo Bears are back in the groove again as they won three games over the week end.

On the Fourth of July the Bears defeated the Devine Cardinals twice, 5-1 and 5-3. Tony pitched the first game and Sandoval the second.

Sunday the Bears went to Eagle Pass to play the Eagles of that city and defeated them by the score of 1 to 0. Again Tony was the victorious pitcher.

Big Holiday For Boys At Camp Cayoca

CASTROVILLE — The boys at Camp Cayoca and Moye Military School and their guests held an all day celebration on the Fourth of July at their camp on the Medina river at Castroville. At midday a barbecue lunch was served, and in the afternoon swimming, horse-back riding and games were enjoyed.

After a buffet supper for the closing event of the day, a patriotic program was given by the boys. David Giles, Junior Councilor of Houston acted as master of ceremonies.

Opening number was the singing of "America" followed with the pledge of Allegiance to the flag, which was led by Tony Heaton of Port Isabel. Jim O'Brien Junior Councilor of Fort Worth, gave an address "We As Americans". The group then sang, "America the Beautiful," and "The Eyes of Texas." A reading, "The American Flag," was by Irvin Schifers of Houston.

Looks At
Broomcorn

Looks At
Independence

This column represents the opinions of the author on various subjects. Political comments or other critical observations do not necessarily reflect the views of The Anvil Herald. Mr. Davis has full authority to speak freely on any matter of his own choosing.

BROOM CORN HARVESTING

will have about reached its peak when these lines are read. Both the yield and the quality of the straw have been somewhat affected by the long drouth, but the crop has again demonstrated its drouth resistance by producing well despite the drawbacks incident to the weather. Harvesting is a hot and dusty job, but it affords employment at a time that would otherwise be slack. The baled straw that will roll out of Hondo, both by car and truck loads, will bring lots of ready money to the growers, money in which all, from the laborer in the harvest fields to the business and professional man in every service line, will share to the profit of all.

And speaking of the shipping of the straw, reminds that in times past we have seen the baled straw shipped to points as distant as Maryland on the East and the state of Washington in the Northwest. In the meantime, every broom ever sold by a merchant in Hondo was manufactured in a factory located elsewhere. It never bore the label: "Made in Hondo."

There was a time when this was excusable — excusable because unavoidable. There was no broomcorn grown locally; and had the straw been available, only hand-labor could have been secured for converting the raw material into the finished broom. Not so any longer.

We have available an adequate supply of both electricity and natural gas to furnish whatever motive power might be required. Labor of a type capable of becoming expert under proper management is here in ample supply. And the crop has proven its adaptability to our soil and climate to the extent that a plentiful supply of straw is reasonably assured. The present tendency is to take the factories from the congested centers and locate them near the source of the raw material. We have every inducement for a broom factory to locate in Hondo.

The railroad cars and the trucks could haul the brooms instead of the baled straw. And when Highway 173 is finished "from the gulf to the hill country" — and the great plains beyond — it will be only a few hours run to deep water from which point every seaport of the world would be an open market for "made in Hondo" brooms. And should the demand for such a product exceed the capacity of local growers to supply the needed straw the vast plains to the Northwest could be drawn upon to make up the deficiency, if any.

Why ship our straw away?

WRITING HISTORY

is a "ticklish" job, a job that entails careful and painstaking research. And even then, after the characters who made the history have gone the way of all flesh or their memories have grown hazy, it is difficult to divest any statement of fact from the element of doubt.

These observations are occasioned by the fact that several have called our attention to the "haziness" of our recent reference in this column to the early history of Hondo's public school.

The town of Hondo was established with the advent of the railroad in the year 1881, and it is possible that several terms of school were taught temporarily in any building available before and up to the time when a permanent school building was erected. So far as our information goes, that first building was on Carle Avenue. It was afterwards remodeled into a dwelling and now belongs to Mrs. Frances Keller. It was succeeded by a two story building on or near the present site of the High School Auditorium.

Among these early terms of school, Mr. Raymond Bailey recalls that his first term in Hondo was taught by a Mr. Caleb Bailey of Devine and was conducted in the first Baptist church building, a frame structure located just west of the courthouse

OF WHAT SIGNIFICANCE TO YOU

is the Fourth of July? To the casual observer, it would seem to signify just two things — and they affect two classes in exactly opposite ways. To the great majority it is a day for play, for getting away from the daily routine and going places and doing things different and out of the ordinary.

To those in the business of serving the traveler, the vacationist, the pleasure seekers it is a busy day, a day of big business. Pleasure seeking has become thoroughly commercialized and must be served.

Aside from these two interests, of what significance is our great National Holiday? What thought is given to its origin? Why persevere in its annual observance? Why have a Fourth of July celebration?

How many of us called to mind amid the diversions of last Friday, July 4, 1947, the fact that 171 years ago the people of the American colonies, who until that hour had been subjects of the British Crown, declared their independence of that Crown and their freedom from all obligations to its rule? How many thought of what a daring step this was on the part of our hardy forefathers — this breaking of all ties with the mother country, then the most powerful nation of the world, and setting up an independent government of their own in the presence of an invading army and a hostile world?

Our forefathers were fully mindful of the obligations they were assuming by such a step. Not only were they setting up a free and independent government as the United States of America to take its place among the nations of the earth, but they were initiating among men the double experiment of a union of sovereign states in which men owed allegiance to no king or potentate but were each sovereign citizens in their own right. Their theory was that all men are created with unalienable rights — rights of their own by the gifts of Divine nature — and that instead of being vassals of the state or crown, the state is an instrument of his own creation made and maintained by man to make his rights secure.

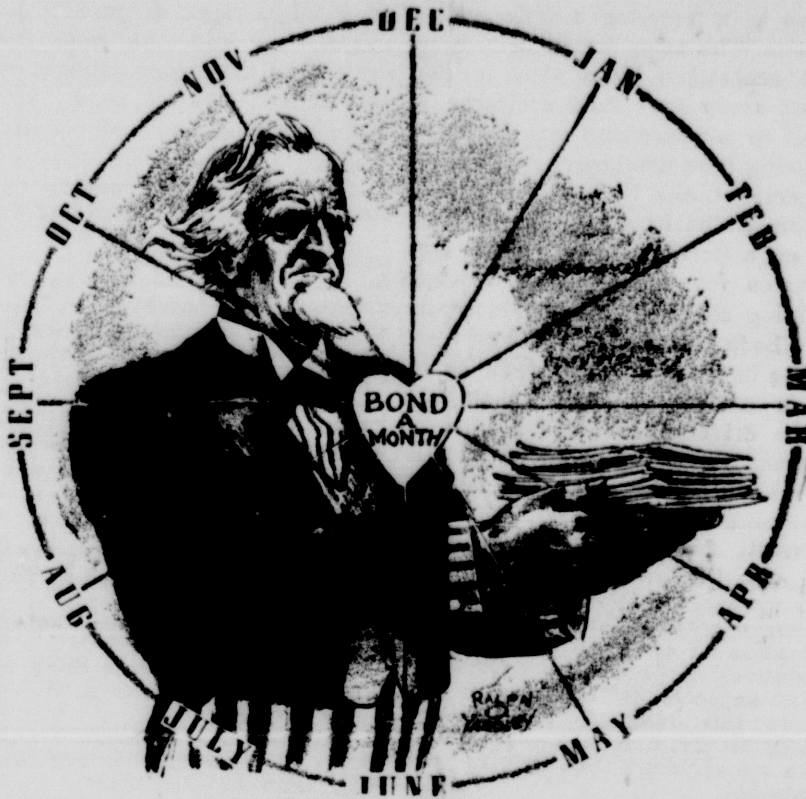

Our forefathers' daring venture at revolution succeeded; the mother country's claims to dominion over the colonies were dissolved; and the double gift of freedom to enjoy and the obligation to maintain and pass on unswerving to our posterity was the priceless heritage left to us.

Are we duly mindful of our duty to preserve inviolate this great heritage that is ours? Are we imbuing the younger generation now in its formative state of mind and character with a correct understanding and appreciation of the rights and liberties that are ours and how they are to be best maintained?

If so then — and then only — have we fully grasped the great significance and the purpose of our celebration of July 4th!

and which was destroyed by a wind storm, July 4, 1896. His second term was taught in a frame building where the Moonlight Inn is now located. It was taught by a lady whom he remembers as Miss Sallie Grey.

Perhaps there are those whose memory goes "away back" who can throw more light on Hondo's first efforts at promoting enlightenment among its youth.

Through The Neighbors' Keyhole

NEWS FROM NEIGHBORING COUNTIES AND COMMUNITIES

Texas papers listed below are used as news sources, and from them The Anvil Herald reports the news in other localities. Unless specifically attributed to another paper, views and opinions expressed below are those of The Anvil Herald.

MOMS, POPS, AND WATERMELONS

Frank Burden, a Frio County watermelon grower, helped make it a happy Fourth of July for one group of unfortunate young folk. He sent a truck load of 400 watermelons to the Methodist Orphanage in Waco, according to a story in The Pearsall Leader.

Some of the little Burden grandchildren were present when the melons were shipped. Asked about it, the youngster explained that these melons were from "the Sorrell and Burden grandchildren, who had fathers and mothers and watermelons, to the little boys and girls who had no fathers and mothers, and no watermelons."

FIREMAN KILLED

One of those unsung heroes of the small cities of Texas, a volunteer fireman, was killed in Crystal City last week when someone pulled out of a parking place and hit him and the car he was riding on.

The deceased was Pat Crawford, 18, son of Mr. and Mrs. T. P. Crawford, reports the Zavala County Sentinel. When the alarm sounded he hopped a ride with another fireman headed for the station. A block away the car backed into them, crushing Crawford's legs. Following amputation and transfusions, he succumbed.

City of Crystal City purchased a fogging machine similar to that which has been treating Hondo.

PIONEER PASSES

In Jourdanton the Atascosa County Monitor reports the death of J.

E. "Uncle Jim" Lyons who died following a few weeks illness at the age of 85. Lyons was county tax assessor-collector for 43 years and was one of the county's leading men.

GROFF GETS SECOND

Sonny Groff of near Quihi placed second in the breakaway calf roping event at the big Bandera rodeo two weeks ago. He competed in tie-down calf roping but fell a little short of his usual stellar job and failed to place.

PLEASANTON JUMPER

Gordon Galloway, Jr., son of Mr. and Mrs. Gordon Galloway of Pleasanton and a star broad jumper, leaped 21 feet 8 inches in the army national track and field meet in San Antonio two weeks ago and emerged with enough points to gain second place in the all-around.

This makes him eligible to compete in the 1948 Olympics which will be held in England.

Excessive Drinking Poses Problem In Forcing Down High Auto Death And Injury Toll

Drinking by drivers and pedestrians is a growing traffic safety problem. The most recent records of state authorities show that in one out of every four fatal accidents, a driver or a pedestrian was reported as having been drinking.

Special studies bear out the belief of many authorities that the information on official accident reports understates the true picture. Surveys involving chemical tests of blood or other body materials of drivers tested who had been injured or killed in traffic accidents showed that half of the drivers had alcohol in their systems. About one third of all the drivers tested had sufficient alcohol to be under its influence.

Results show that the greater the concentration of alcohol in a person's system, the greater the danger. A person with a blood alcohol concentration of over .15 per cent has a relatively poor chance of staying out of an accident. The average driver in this range is FIFTY-FIVE TIMES MORE LIKELY to be involved in an accident than drivers with no alcohol!

The public is well aware of the dangers of driving after drinking. In a public opinion poll for the National Committee for Traffic Safety, each person interviewed was asked which of ten listed factors caused the greater number of accidents, in his opinion. Driving while under the influence of intoxicating liquor ranked number one.

Perhaps the main stumbling block in getting better enforcement of drunken driving laws in most places has been the difficulty in determining whether drivers actually were under the influence. So much difficulty has been experienced in some places in convicting drivers who are under the influence but not "staggering drunk" that enforcement has been directed at only the most obvious cases.

Many progressive enforcement agencies, however, have turned to use of chemical tests to provide the needed additional evidence. Such tests show definitely whether there is sufficient alcohol in the blood stream and brain to cause intoxication. Their use eliminates guesswork by showing whether a drinking driver has enough alcohol in his system to be legally under its influence.

Test results do not measure how much a person has been drinking — they show instead how much has been ABSORBED in the blood stream and how much gets to the brain. It is the concentration of alcohol in the blood stream and brain, and not the amount in the stomach, which bears a definite relationship to degree of intoxication.

The use of such scientific tests was recommended by the President's Highway Safety Conference of 1946. National organizations which have long advocated use of chemical tests for alcoholic influence include the American Bar Association, American Medical Association, Federal Bureau of Investigation, International Association of Chiefs of Police, National Safety Council and the National Conservation Bureau.

Despite the technical and promotional work of these groups, there are still jurisdictions which regard chemical test evidence in somewhat the same light as the lie detector — a "new-fangled gadget." Many cities however, notably Cincinnati, Cleveland, Milwaukee, Kansas City, Detroit, Washington and Indianapolis, use chemical tests as routine practice. A recent tabulation showed 62 cities over 10,000 population reporting use of such tests for enforcement purposes, with 20 state enforcement agencies likewise reporting their use.

Use of evidence obtained through chemical tests is now officially recognized in state laws in Maine, New York, Indiana and Oregon. Model legislation on interpretation of chemical test results, as recommended in Act V of the Uniform Vehicle Code, has been introduced in legislatures of several states this year.

A chemical testing program has many advantages. There are more pleas of guilty, and fewer cases necessitating jury trial, with the at-

tendant expense. There is less chance of a miscarriage of justice — the non-drinker and the mild drinker are spared the embarrassment of unjust arrest. These tests actually "free the innocent and convict the guilty."

The organizations making up the National Committee for Traffic Safety look upon drinking and driving as a safety problem. The Committee is concerned in seeking to develop greater public acceptance of the responsibility for avoiding the social tragedy and economic waste caused by traffic accidents. As far as liquor is concerned, we urge only: "When you have been drinking, don't drive." Even two or three drinks may affect judgement in driving and contribute to an accident.

TARPLEY NEWS

IT'S WISE TO KNOW YOUR MECHANIC!

HERBERT L. HARDT, D. M.
(Doctor of Motors)

Mr. Herbert L. Hardt, who is with the Hondo Implement Company, spent last week in Dallas attending a John Deere tractor school. He received a lot of valuable service information from factory trained men on the new model tractors. The new Model M tractor which has "Quick-Tatch" equipment and "Touch-O-Matic" power control is a new addition to the John Deere line and will be placed on the market in the near future.

Also, the all gasoline models A and B tractors with "Power-Trol" were studied at this school. The school was closed with a two hour examination to see how much service training the boys were going to take home with them, and Herbert, as usual, made a very good grade.

We will be set up in our new home on the highway in the near future, and will be in a better position to render complete service on your John Deere tractor and equipment.

It's good business to go to an expert for advice or service. That's why we urge you... take your John Deere Farm Equipment to the man who knows it best... your John Deere dealer.

Our mechanics are specialists who know your John Deere Equipment thoroughly. They'll do only the work that's necessary... do it efficiently and at the lowest possible cost. You'll appreciate the completeness of their work... the results you get! Ask about our complete service soon.

HONDO IMPLEMENT CO.

WE SELL ONLY GENUINE JOHN DEERE PARTS

WHERE THOUSANDS DIE!

91 killed—3,150 injured! If that were the report of an explosion, wreck or other disaster, it would be front page news. People would be horrified! But worse—it's just *one day's* automobile casualty list in the United States. It happens every day, week in, week out. *Four deaths, 131 injured—every hour.* At year's end 33,500 lives snuffed out, over a million injured or maimed for life. That's what happened last year. This year's record threatens to be even higher.

Speed—reckless, wanton speed—drunken driving—defiance of safety rules and regulations—and careless, jaywalking pedestrians, top the list of causes for this grim toll.

What can you do about it? Will the speeding wheels of your car add one death to this mass murder of the highways? Not if you, the driver—and you, the pedestrian—take your individual responsibilities seriously. Drive carefully at all times, under all conditions, and be alert when walking.

Don't be one of the thousands to kill or be killed! Drive safely—and live!

MICO NEWS
By Helen Miller and Charlotte Seekatz

(Too Late For Last Week)

The L. M. Samuels entertained with a dinner party last Saturday evening. Guests included Mr. and Mrs. Chas. Jordan, Mr. and Mrs. Leon Melton, Mr. and Mrs. Fred Alderson, Mr. and Mrs. Mack Reynolds, Mr. and Mrs. Frank Ducos, Frank and John Ducos and Mr. and Mrs. Joe Alderson and children.

Mr. and Mrs. Wheeler of San Antonio were visiting at Medina Lake. Mrs. W. E. Miller visited Mrs. C. A. Gray.

Mr. and Mrs. J. C. Bradley have returned from their trip to Florida. Mrs. Bradley brought back her sisters, Mr. and Mrs. Earl Johnson, Miss Anna Ross, and Miss Cora Campbell all of Wortham. She is going to take them fishing.

John Trujillo, age 11, found a gold piece while swimming.

Mr. and Mrs. Shaffer of San Antonio had a party on the Fourth of July.

Mr. and Mrs. J. E. Bradley went fishing and caught 21 fish.

Mr. and Mrs. Joe Abate and son, Victor and Mr. and Mrs. Rizzo are spending a few days at Medina Lake. They have caught 18 to date.

Mr. and Mrs. Blevins spent the Fourth at Medina Lake.

Ralph Trujillo spent a few days in San Antonio visiting and having a good time.

La Coste News
By Mrs. Otto Jungman

(Too Late For Last Week)

Mrs. Isabel Costley and brothers Michael and Silvan and their aunt, Mrs. Otto Jungman spent the day in Hondo Wednesday as guests of Mrs. H. B. Miller and daughter, Rubie.

Mr. Wm. J. Englebrecht and Lester Jake Mechler of San Antonio were brief callers here during the week.

Mrs. C. Cowen and daughters of near Lytle were house guests in the A. C. Atkins home Monday.

Quite a number of our people of LaCoste and community took advantage of the big barbecue dinner and entertainment at Schott's Park given by St. Joseph Church of Devine and all reported a nice day.

Mr. and Mrs. Hy Krueger and children from near San Antonio visited with Mrs. Ena Haass Sunday.

Mrs. Ben Haby of near Dunlay is spending the week with her daughter, Mrs. Randolph Koch and family here.

Mr. and Mrs. Geo. Graff of near Hondo were week end guests in the home of their son-in-law and daughter, Mr. and Mrs. Geo. Zuercher of here.

RAIL SHIPMENTS OF FRUITS AND VEGETABLES
AUSTIN — Rail shipments of fruits and vegetables were stepped up 1 per cent in May with a total of 10,311 carloads reported to The University of Texas Bureau of Business Research.

The 1947 season continues to run behind the 1946 fruit and vegetable year as May shipments slumped 5 per cent below the level in May 1946. Extension of the citrus season brought a 34 per cent May-to-May gain in grapefruit shipment.

EDITORIAL - FEATURES

Editor's Corner

In the late 1890's a young bicycle repairman tinkered after hours with a horseless carriage. It was a screwball idea — a smoky, sputtery contraption that couldn't work, everyone said.

But a few of his friends figured maybe the dern thing could work — and if it did, a lot of them could be sold and money could be made. So they took a chance and loaned the young tinkerer a few dollars to get going. And that was the beginning of a huge industry — the automobile industry — which today employs some seven million workers.

America was built that way — by men willing to work on screwball ideas and others willing to take a chance on investing in them.

Some of them never panned out. Many lost their money and their shirts. But the opportunity for making money was there. It was worth the gamble.

Small businesses grew to big ones. The old, established businesses had to keep on their toes to meet the competition of the younger ones coming up.

And the people were the winners, not only in more jobs and opportunities, but in better quality of products and more real earnings.

Today it's a different story. The little guy with the big ideas can't get people who have money to invest to take a chance on him and in many ideas he just can't afford to take the chance himself.

The odds are stacked against him. Taxes, huge taxes, seems to have been built into a great structure for some world that doesn't include him, are making him think too much and worry too much before taking a plunge. The same monster rises as an unsurmountable barrier between his ideas and investors. Everything bogs down.

So now the Republicans have a new tax bill. It will allow the very rich to keep more of their fabulous earnings and will not do a single thing to help the millions of people.

It's o.k., people who make a lot of money should be able to keep a lot of it. That's America. But the other end of the economic scale needs more attention, and it needs it right now.

It's a little hard to work up tears for the man with the million dollar income because he can keep only a

hundred thousand of it, although we must admit his right to a lot of money if he can make it. But there is more to our country than economics for the wealthy and talented, there's humanism for the masses. No one who is American in his heart wants a planned economy nor a guaranteed living. But Americans do want a guaranteed chance, because that is what the government is for.

Perhaps we could get better action on our tax problem if private money didn't talk so loud to our congressmen.

The public is well aware of the dangers of drunk driving.

In a recent public opinion poll conducted by the National Committee for Traffic Safety, each person was asked which of ten listed factors caused the greatest number of accidents. Driving while under the influence of intoxicating liquor ranked number one.

Yet special studies show that one half of the drivers who were killed or injured in traffic accidents during the last year had been drinking! One third of all the drivers tested had consumed sufficient alcohol to be under its influence!

How can a man justify manslaughter or bodily injury when he is fully aware of its cause, yet ignores his responsibility to stop it? The answer is he can't justify it and is deserving of full punishment under the law for his inexcusable act.

The drinking driver who is killed in an accident of his own making pays for his error tragically, and often with the horror of a painfully mutilated and lingering death. Often, too, his family is left with a financial burden caused by his act.

On the other hand, the drinking driver lucky enough to escape death, even though he may be permanently injured, still has no justification in expecting anything but the severest penalty the law can apply to him.

It is the duty of all of us, both drivers and pedestrians, to curtail drinking while we are driving or walking on our streets and highways. Then it is our duty to see that those who do violate the rules of safety and decency are severely punished.

This unlighted trailer, moving slowly along the darkened highway, was completely invisible to an overtaking motorist as he came suddenly upon it from around a corner. He crashed into it and was fatally injured. Just one more of the many bitter ironies of highway deaths, where a lawbreaker who was indifferent to his own safety and the safety of others escaped injury, while an innocent victim paid for that indifference with his life.

Exams Soon For Technical Service Jobs

Civil Service examinations have been announced for Steamfitter, Junior Steamfitter, Plumber, Junior Plumber, Air Conditioning and Refrigeration Servicer, and Junior Air Conditioning and Refrigeration Servicer, according to a statement made by Mr. Elvys Henry, Executive Secretary, Board of U. S. Civil Service Examiners, War Department, 527 Federal Building, San Antonio, Texas. Salaries for these positions, which will be filled in the War Department establishments in the vicinity of San Antonio, Texas, range from \$0.82 per hour to \$1.39 per hour.

No written test is required for this examination. The age limit, 18 to 62 years, does not apply to persons entitled to veteran preference, provided they have not reached the age for automatic retirement.

Applications may be filed with the Executive Secretary, Board of U. S. Civil Service Examiners, War Department, 527 Federal Building, San Antonio, Texas, or any first or second-class post office in which this notice is posted.

From where I sit ... by Joe Marsh

Fish Bites Woman!

Willie Wells was coming home from Seward Creek the other evening with a string of trout, when a stern looking lady (visitor at the Boxwood Inn) stops him, and tells him a man his size could be better occupied than catching fish.

Willie tells her off real good-naturedly by saying: "Perhaps you're right, but if these fish had kept their mouths shut, they wouldn't be here." (At that, says Willie, laughing out loud, she looked just as if a fish had bit her!)

Blabbing mouths never cause

anything but trouble. Nobody who knew the facts would ever criticize Willie's right to go fishing on his one day off — any more than they'd deny his right to come home to a mellow glass of beer.

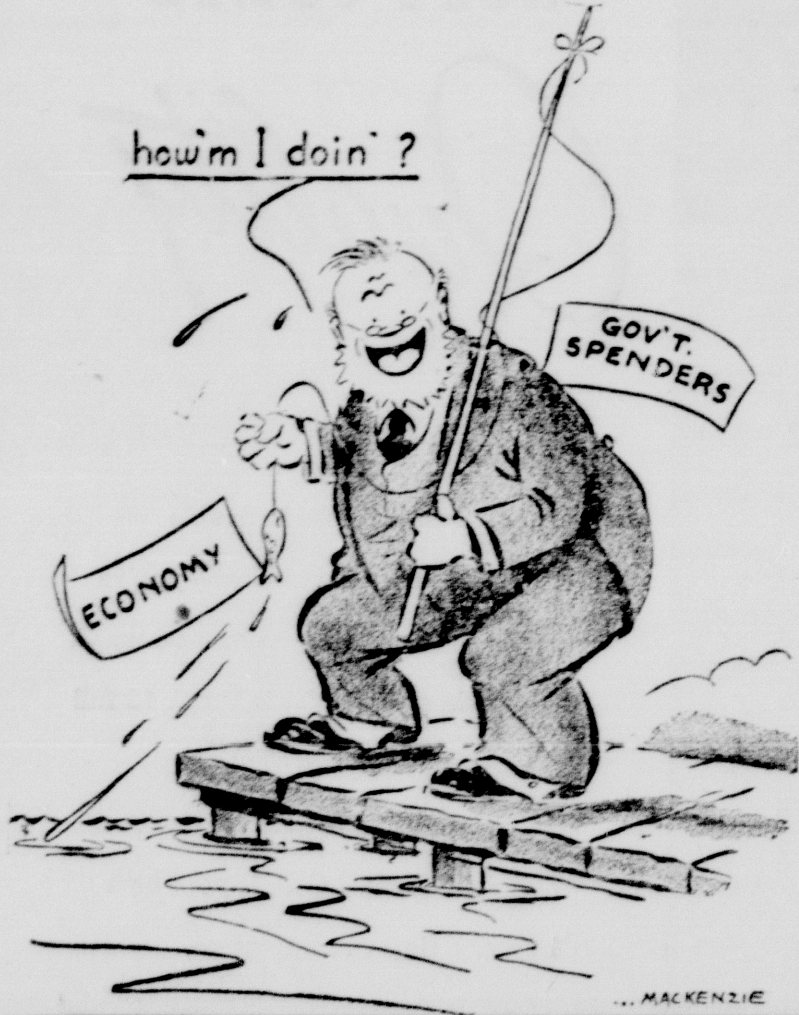

From where I sit, the slower we are to criticize — and the quicker we are to recognize another's tastes, the better we'll get along together — whether those tastes apply to beer or fishing.

Joe Marsh
